1,600 LIVE BIRDS SHOT

FIRST DAY'S SCORE AT WORLD'S CHAMPIONSHIP TOURNAMENT.

In Opening Event Forty-Nine Ties for First Place, with Twenty-Nine Ties in the Second.

CHICAGO, Aug. 3 .- All records at livebird or any other kind of trap shooting have been eclipsed in this, the preliminary day of the Dupont world's championship tournament, which will be in progress during the entire week. And yet not one-half of the contestants have arrived. In the five-bird "warmer-up" there were 134 entries and in the seven-bird event 120 entries. There would have been many more had not darkness interposed. In order to facilitate the shooting to-morrow, the first regular day, the first squad will be called at 8 a. m. instead of 10 o'clock, as advertised. The management has been forced to this through necessity, for a much larger programme has been arranged for and there will be many more competitors.

The shooting to-day was of a very high order. In the first event there were fortynine ties for first money, and in the second twenty-nine. The wind blew strong from the southeast and the heat at times was intense. The birds were a splendid lot. Over 1,600 were killed. The attendance was very large. If the weather be propitious it is estimated that on Wednesday there will be 10,000 people present. This is the day set apart for the team race and the entertainment of the ladies. Forty-three have already entered for the world's championship race on Thursday, and the entries do not close until the twentieth gun has been fired. The first event to-day was at five birds, \$5 entrance with \$100 added, divided into three moneys, American Association rules governing. The scores: F. Gilbert, 4: C. Macalster, 4; B. W. Patrolmen Wallace and Caplinger had a merry chase yesterday after two law Rogers before going to Denver, Col., to breakers. Philip and William Clayton, who visit her brother, Judge D. V. Burns, form- live in a small hut about two miles from the Belt railroad, went into Henry Sauter's saloon at 231 Shelby street and with their loud, vulgar talk made themselves offensive. Sauter was eating his dinner and his wife was tending bar when the men came in. The saloonkeeper heard their talk, left the dinner table and went into the barroom The men continued their conduct and told Sauter if he wanted anything from them he could get it without trouble started a rough and tumble fight that only ended when the Claytons left the saloon lauter at once reported the matter to patrolman Caplinger who, being a night oliceman, was at his home a short disance away. Caplinger took his badge and weapons and after telephoning for patrolman Wallace mounted his wheel and started after the two men. Wallace soon overtook him and together went to the ome of the men, but were seen approaching. The Claytons then jumped into their iggy and drove out Churchman's pike, t were soon overtaken by the wheelmen. When Philip Clayton saw that the officers were upon him he jumped from the buggy and took to the fields. Caplinger run after im on foot while Wallace arrested the other one. Philip jumped fences like an athlete in his attempts to get away, but without success. Caplinger at last became tired of the chase and fired a shot in the atr in hopes of frightening the fellow and his ruse was successful. He was soon captured and with his brother sent to the station house, where they were charged with assault and battery. Sauter was also arrested upon the same charge.

BREWERS, 7: HOOSIERS, 2.

The Champions Sail Further Away from the '96 Pennant.

It was the same old story yesterday-Watkins's men couldn't hit and therefore couldn't win. Glenalvin and his Brewers were just as full of ginger as if they had not been walloped three games out of four at Columbus. That fact did not seem to depress them in the least and they went right after the champions in the first inning. Watkins will have to get some hitting out of his team before long or the pennant will be out of reach. For champions they are making about the sorriest exhibition of batting these days that a ball team ever made. Barnes had them at his mercy yesterday and of the twenty-seven outs seventeen were at first base. They had the hardest kind of work getting the ball out of the diamond and were never in the bases, but Hogriever went after it under along in apparent safety between him and the foul line, he stuck out his right hand dreamed he would get near it and the catch was loudly applauded. It was a sensational one and decident the feature of the game. Nicol had a ane catch in the eighth when he chased Euckley's fly almost to the fence and succeeded in getting it.

HOGGIE'S POOR BASE RUNNING. Hogriever had a good chance to score in the first, but spoiled it by poor base running. He opened with a hit to left and was sacrificed to second by Buckley, but in trying to take two bases on the out was caught at third. Wood retired the side from short to first. Nicol hit safe in the last half, was sacrificed to second by Weaver, stole third and came in on Hartman's out at first. Twitchell got a single to center and scored on Hogan's muff of Stafford's long fly. Glenalvin reached first on balls, but Taylor flew to Sheibeck. In the second Motz singled to right, reached second on Stewart's out at first and scored on Shelbeck's hit to center. Shannon was out from pitcher to first and Hogan struck out. Spear scored for Milwaukee in the last half on his single, Barnes's sacrifice and Weaver's hit to right. Nicol and Hartman flew out to Shelbeck and Hogriever.

Wood scored the other Indianapolis run in the fourth on his single to center, Motz's out at first and Sheibeck's hit to center. Stewart and Shannon were easy victims. With two out in the sixth Spear got a hit and Stewart let Barnes's grounder get by him. Singles by Nicol and Weaver scored two more runs for the Brewers after which Hartman flew to left.

In the seventh singles by Twitchell, Stafford and Glenalvin with Euckley's low throw to second and Taylor's sacrifice added two more Milwaukee runs which were not needed, but might have been had the champions struck one of those longedfor batting rallies which are only a pleasant memory these days. The Orioles were able to hit McJames when there were men on bases, but the Senators were unfortunate in making a majority of their hits high flies. Freedman Did Not Offer a \$3,000 Contract Per Agreement.

The case of Amos Rusie has taken a new turn, and is now before the National Board on another appeal. His attorney, R. O. Hawkins, says that last year Rusle had a contract under which he received \$3,000 a year. The contract contained a provision this year at the same salary. Under the rules of the National League all clubs their signatures before the opening of the season. Manager Freedman, of the New York Club, sent Rusie a contract to sign early last winter, but under it he was to receive but \$2,400 a year. Rusie refused to

Upon this ground Rusie demanded his release from Freedman after the finding of the National Board, holding that he could not demand his release on account of back salary illegally retained. Nothing is known as to how soon the question will be determined, as President Young is away. Until this new question is decided no action in the way of a civil suit to recover the fines assessed against Rusie last year will be

And it must all be done whether the housekeeper eeis like it or not This is true of men's work too, but men's manual labor is never so complicated as housekeeping. In ome way or other the world's work must be done." This iron-clad rule is harder on women

than it is on men. A man can't be as sick as a woman. As a man's organization is simpler and stronger, it follows that his ailments are less complicated. He is not subject to the chances and changes, physiologically, that come to the average woman.

If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no hap-pier woman in the world than the one who is well and busy all day long "making nome" for dear ones who depend upon her. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangements of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination From this the modest woman naturally shrinks. She is right.
